

NYC ELECTIONS: KEY ISSUES DRIVING NEW YORK'S RECOVERY

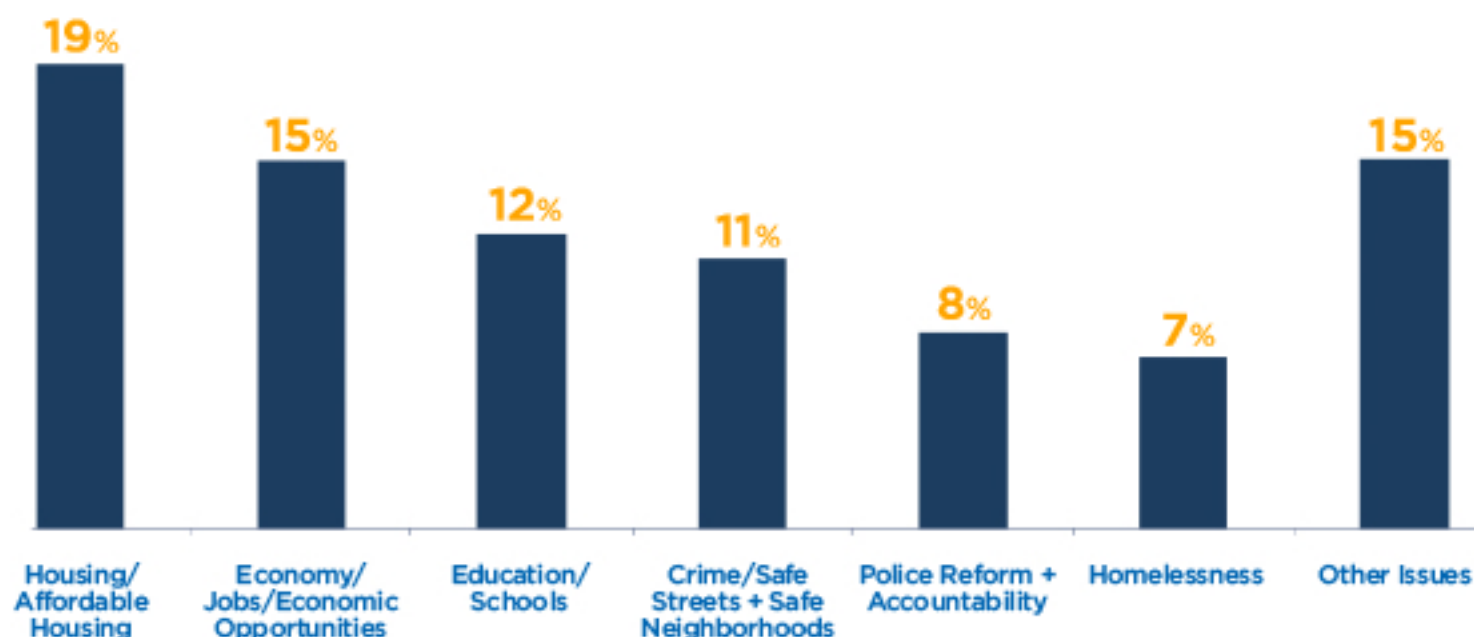

MAYORAL BALLOT

If the June 2021 Democratic Primary Election for Mayor were taking place today, for whom would you vote?

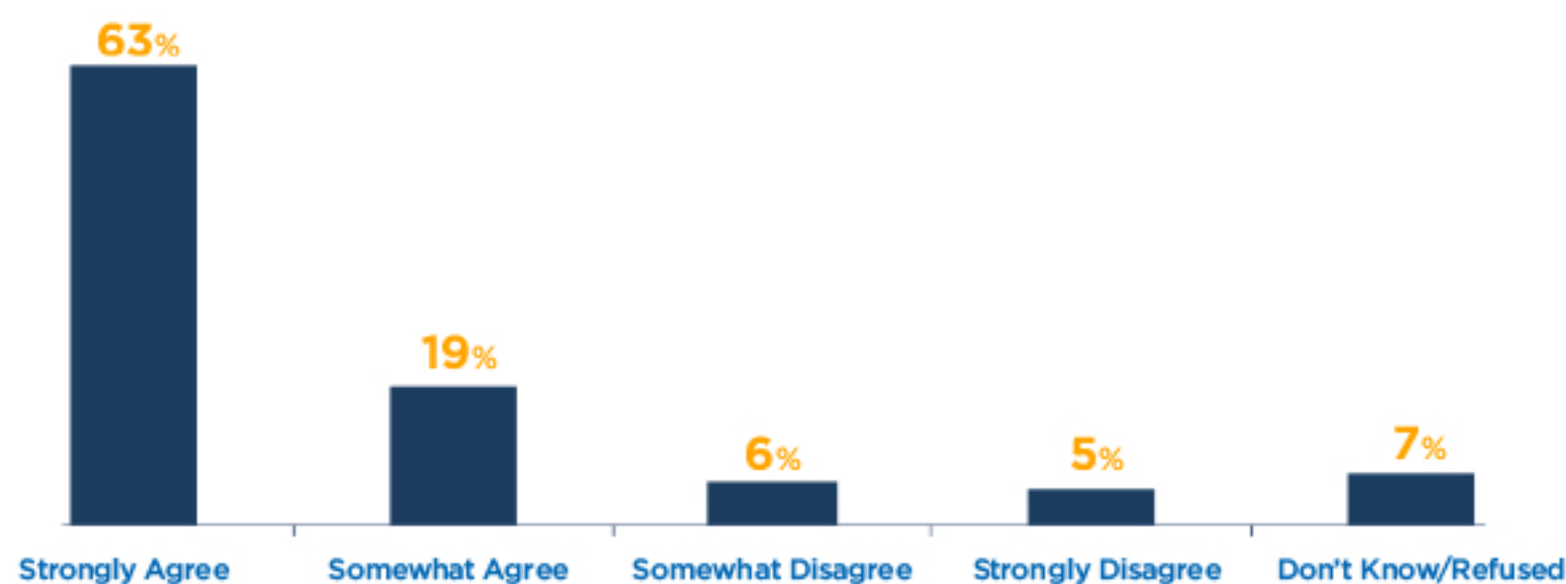

TOP ISSUES

As the city looks to rebuild in the aftermath of COVID, what area are you most looking for city government to make progress in?

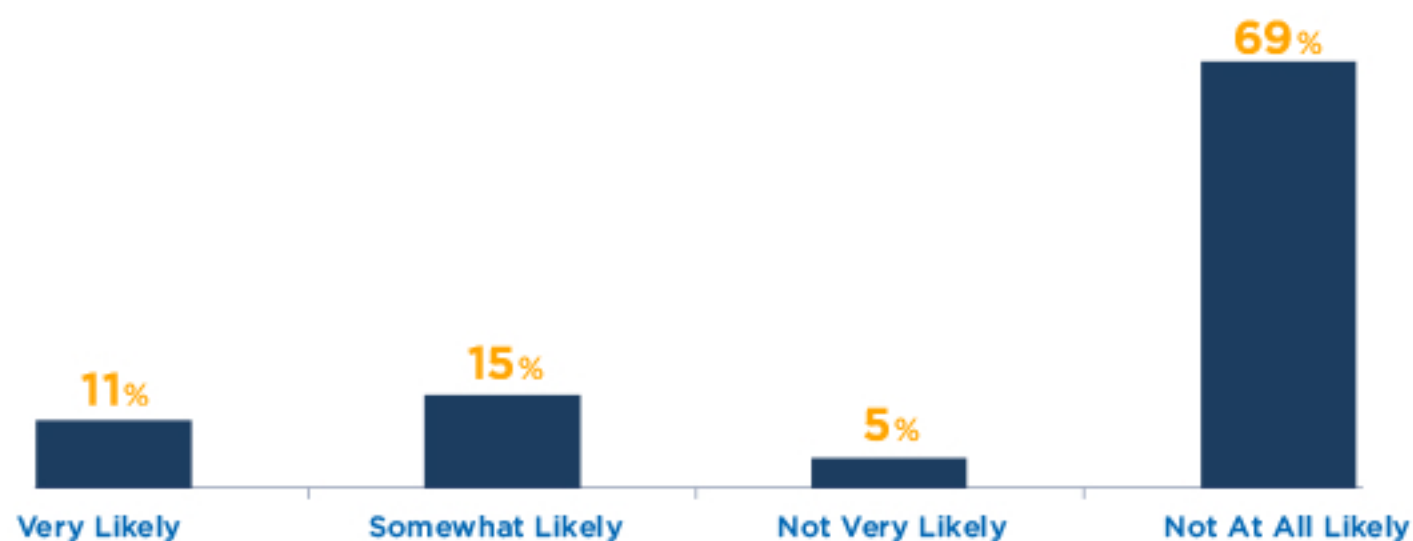

RESTAURANTS

New Yorkers should try and eat out at a restaurant or diner to help an industry crushed by the pandemic. Eating at a restaurant puts money directly back into the hands of working people.

CANNABIS

How likely are you to want to try recreational cannabis products now that they are legal here in New York?

STATE OF OPTIMISM

Are New York City's best days ahead — or behind us?

Survey Methodology

Study conducted by Honan Strategy Group. The sample of 950 likely Democratic Primary Voters interviewed has a margin of sampling error of +/- 3.17% overall and larger for subgroups. Interviewing was done via both landlines and cell phones. The polling took place May 26 to June 1 and June 9 and 10 (additional polling was done after AOC's endorsement of Maya Wiley.)

About Capalino
